Education

Lovely Professional University

Bachelor of Technology in Computer Science and Engineering

August 2024-2028

Punjab, India

Specialization: Artificial Intelligence & Machine Learning

CGPA: 8.64 (absolute)

Relevant Coursework

- Machine Learning
- Generative AI
- Data Analytics
- Data Visualization
- DSA
- Database Management
- Computer Networks
- Operating System

Projects

DropoutQI – Student Dropout Prediction | Python, Flask, Pandas, Scikit-learn | May 2026

- Developed an ML-based Student Dropout & Academic Success Predictor using **Flask** and ensemble models achieving **91.6% ROC-AUC**.
- Implemented a **Hybrid Soft-Voting Ensemble** (Gradient Boosting, Logistic Regression, Random Forest) for accurate student risk prediction and performance optimization.
- Built a responsive web application integrated with student academic analytics using Python, Flask, Pandas, and Scikit-learn.

Auto Insurance Claim Fraud Detection | Python, Streamlit, Scikit-learn, XGBoost | March 2026

- Built an Auto Insurance Claim Fraud Detection System using **Random Forest & XGBoost Ensemble** achieving **ROC-AUC of 85.2%**.
- Designed an **interactive Streamlit web application** enabling real-time fraud prediction with threshold evaluation and probability insights over 8 months of data.
- Addressed **imbalanced datasets** using SMOTE, threshold optimization, and calibrated ensemble learning with Scikit-learn.

Technical Skills

ML & Data: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn

Frameworks: Flask, Streamlit

Languages: Java, C++, Python

Core Concepts: Machine Learning, Predictive Analytics, Ensemble Methods, Data Preprocessing, Statistical Analysis, Data Visualization, DBMS, Operating Systems

Developer Tools: Jupyter Notebook, MySQL, VS Code, Git, GitHub, Kali Linux, VMware

Certifications

- Python Skills Certification** (HackerRank) – Sep 2024
- Leadership Fundamentals** (Skillsera) – Oct 2024
- Workshop on Cyber Security and Ethical Hacking** (Secuneus) – Sep 2024
- Alephium Forge Workshop – NFT & Blockchain** – Aug 2024
- Code Clash Coding Competition** (AccentureEmph) – Oct 2024

Achievements

- Secured **Top 30 Position** in **CodeXtreme 4.0 – Java** (Apr 2026).
- Secured **1st Position** in CodeClash Coding Competition among **200+ participants** (Nov 2024).
- Qualified **Top 3 candidates in Assam** for **IOQM** (Indian Olympiad Qualifier in Mathematics) (Jan 2023).
- Coding Profiles: [LeetCode](#) | [HackerRank](#)
